

MONTHLY MEETING
MONDAY, FEBRUARY 4TH - 4 PM

On the agenda.....

--Workshop update.

--Gallery selling methods vs. non-profit status

--Membership requirements/by-laws

AT THE JANUARY MEETING

With a good turnout of the membership, we were able to vote on the use of the Goodman Gallery for the Workshop Program. It was agreed that it would be a positive addition to our exhibition season.

The discussion continued on the handling of sales tax collection - whether to carry on in the present mode or to engage one person to do the book work. Decisions, decisions!

Our questions about the visible pricing of art work centered around the restrictions of our non-profit status. The consensus of the meeting

was that we are in a better position for sales if there is some way to make prices more apparent or accessible. President Bill Babcock is making inquiries into our latitude in this matter.

The membership fees, categories, and requirements which we voted on at the last annual meeting were brought up for consideration as being too stringent. HOWEVER we need to come up with some very thoughtful proposals before we consider changing the by-laws yet again.

WANTED: The Gallery needs a typewriter - in working condition - of any vintage. Prior to the Christmas Show, the show committee's cataloguing was slowed for want of a machine..

GALLERY NOTES: This could be the place for members to share information about their latest shows and achievements. What have you to say?

WORKSHOP PROGRAM

Norman Legassic reported that he has been meeting with Joann Ballinger, Lou Bonamarte and Helen Schink to lay the ground work for the Workshop Program. Thus far, their intent is to function apart from the association's committees, etc. They will develop a time table, provide their own advertising and publicity, and handle their own bookkeeping. In exchange for their use of the Goodman Gallery, they will commit a donation of a predetermined percentage to the LAA.

Call Norm at 1-434-8436 if you'd like to participate in the program.

TWO by TWO

Plans for an Early Spring show scheduled for May 18th are shaping up. To bring some added interest and publicity opportunities to an often bland exhibition time, members will each invite a guest artist to show one or two pieces along with their own work.

We have not been getting submissions to our juried shows from some of the better artists on our area. Why? There are painters, sculptors, etc. out there whose work we admire. This is an opportunity to bring some

CALENDAR 1991
